

Background

UPS® is a global leader in logistics, offering a broad range of solutions including the transportation of packages and freight, the facilitation of international trade, and the deployment of advanced technology to manage the world of business more efficiently. With its wide array of services to more than **220 countries and territories** UPS is **one of the world's largest companies, with 2024 revenue of \$91.1 billion.**

Established in Canada

UPS's international expansion took its first steps north and entered the Canadian market on February 28, 1975. Over the past five decades, UPS Canada has grown to employ **around 13,500 employees, providing services across the country from coast to coast.**
